Page Prototype

Step 1: Design an Event

Competitor site 1: Facebook
- Title of event
- Picture describing intention of event
- Dropdown menu with chat pertaining to event
- Description as well as additional information regarding the event (location, time etc.)
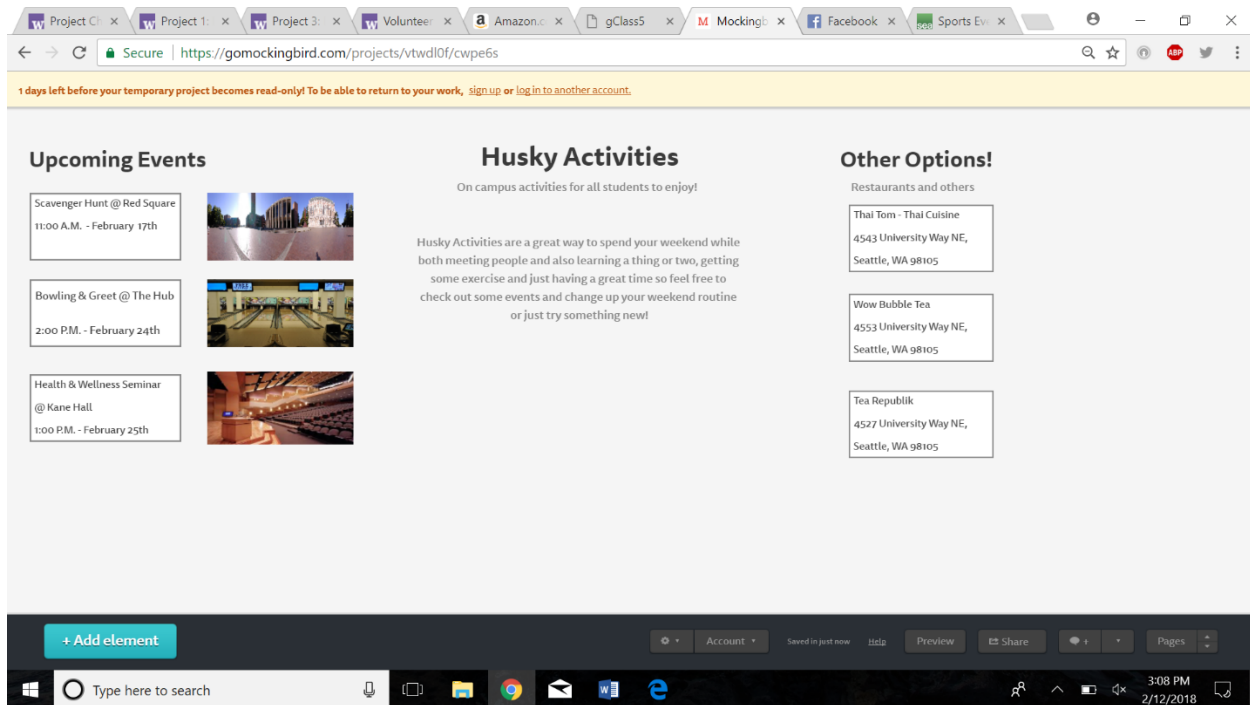

Competitor site 2: VisitSeattle
- Title of event
- Description of event with time & date
- Link for more information as well as official event website
- Filter to narrow down event by date, activity, time, etc.

My site: Husky Activites
- Title of event
- Theme or description of event
- Promotion for future similar or related events
- Links to my event including google map, places to eat, other occupations surrounding the event

Step 2: Prototype an Event Area
Here is a prototype of how the Event area will look

Step 3: Prototype the Event Page

Here is a prototype that shows how the Event area fits in a wider page

Come up with more ways to fill the page, add design and color to make the website/event page more attractive and notable as a whole.
